Comments by the Chief Executive Officer

Dear Investors,

I am pleased to greet you and share our 2024 results.

We closed the 2024 with significant progress in our strategy to revitalize our financial structure. In December, we formalized two relevant events:

1. We fully prepaid the local bond GICSA 18U.
2. We settled the local bond GICSA 16U through the sale of 38 units available for commercialization from the Cero5Cien residential project.

Through these combined strategies, we successfully reduced our debt level by Ps. 4,165 million.

Throughout 2024, our key operating indicators remained stable. Same-property visitor traffic increased by 3% compared to 2023, while tenant sales grew by 3% during the same period. On the other hand, the occupancy rate of our operating portfolio saw a slight increase, reaching 88%, while our rent per square meter was at Ps. 389.

In relation to the commercialization, in 2024 we signed 277 new lease agreements, totaling 83 thousand square meters. Additionally, 247 new leased spaces began operations, adding 81 thousand square meters.

Regarding our key financial indicators, consolidated and proportional NOI increased by 11% and 12%, respectively, compared to 2023, reaching Ps. 3,800 million and Ps. 3,169 million, respectively. Consolidated and proportional EBITDA for 2024 amounted to Ps. 3,514 million and Ps. 2,883 million, growing of 17% and 19%, respectively, compared to 2023.

On the development front, we continued making progress in stabilizing Grand Outlet Riviera Maya, which closed the 2024 with an occupancy rate of 56%. As for Paseo Metepec, in December, we were able to open some spaces, and we expect to continue these efforts in the coming months.

We will continue working towards achieving our medium- and long-term objectives, guided by our CORR strategy (Collect, Operate, Renew and Rent), as well as improving our debt profile.

As always, we appreciate your trust and continued support.

Abraham Cababie Daniel
Chief Executive Officer of Grupo GICSA

Statement of Financial Position

Main Assets

Short and Long-term Restricted cash.

As of 4Q24, the balance was Ps. 490 million, representing a 27% decrease compared to Ps. 668 million at the end of 2023, primarily due to the release of reserves from certain bank loans.

Accounts and notes receivable - net.

As of 4Q24, the balance was Ps. 924 million, representing a 32% increase compared to Ps. 701 million at the end of 2023. This was primarily driven by the signing of new lease agreements, the revaluation of the exchange rate, and loans granted to customers for customizing retail and office spaces.

Discounts for amortize (contingency).

As of 4Q24, the balance was Ps. 68 million, representing a 44% decrease compared to Ps. 121 million at the end of 2023. This decline was due to the discounts recognized in the income statement during 2024.

Short and Long-Term Real estate inventories.

As of 4Q24, the balance was Ps. 614 million, representing an 85% decrease compared to Ps. 4,073 million at the end of 2023. This decline resulted from two key movements:

1. The contribution of 38 units from the Cero5Cien residential project, reducing the amount of real estate inventories.
2. The full recognition of the commercial center Paseo Metepec investment in Investment Properties.

Short-term Advances for Project development.

As of 4Q24, the balance was Ps. 179 million, representing a 47% decrease compared to Ps. 339 million at the end of 2023. This reduction was due to the application of advance payments to suppliers.

Investment properties.

As of 4Q24, the balance was Ps. 66,782 million, representing a 5% increase compared to Ps. 63,646 million at the end of 2023. This increase was primarily driven by the valuation effects on operating properties, progress in the construction of the Grand Outlet Riviera Maya project, and the full recognition of the Paseo Metepec investment, reclassified from Real Estate Inventories to Investment Properties.

Main Liabilities

Short and Long-term Bank Loans.

As of 4Q24, the balance was Ps. 21,284 million, representing a 24% increase compared to Ps. 17,120 million at the end of 2023. This increase was mainly due to the 20% devaluation of the peso against the dollar and the early full prepayment of the local bond GICSA 18U with the Forum Buenavista bank loan.

Local Bonds (CEBURES).

As of 4Q24, the balance was Ps. 3,446 million, representing a 67% decrease compared to Ps. 10,461 million at the end of 2023. This reduction was primarily driven by two key transactions:

1. Full early amortization of the local bond GICSA 18U, using funds from the new bank loan secured by Forum Buenavista.
2. Settlement of the local bond GICSA 16U through the sale of 38 units available for commercialization from the Cero5Cien residential project.

Provisions.

As of 4Q24, the balance was Ps. 749 million. This category corresponds to estimated costs and expenses, primarily allocated to the completion of construction for the Cero5Cien residential project, among other commitments.

Current Portion of Rent, Guarantee Deposits, Key Money and Tenants Down Payment.

As of 4Q24, the balance was Ps. 1,284 million, representing a 17% decrease compared to Ps. 1,538 million at the end of 2023. This decline was primarily due to advances received for the construction of the Paseo Metepec shopping center.

Consolidated Statement of Comprehensive Income

Revenues

Total operating revenue.

As of 4Q24, the balance was Ps. 1,258 million, representing a 10% increase compared to Ps. 1,141 million in 4Q23. This growth was primarily driven by the addition of Grand Outlet Riviera Maya to the operating portfolio, the signing of new lease agreements, a lower amount of recognized discounts, and higher revenue from services in owned properties.

Total other operating revenue.

As of 4Q24, the balance was Ps. 248 million, representing a 9% increase compared to Ps. 227 million in 4Q23. This growth was driven by a higher recognition of revenue from the Cero5Cien residential project.

Costs and Expenses

Total costs and expenses.

As of 4Q24, the balance was Ps. 317 million, representing a 65% decrease compared to Ps. 915 million in 4Q23. These changes were driven by the following factors:

1. Cost: At the end of 4Q24, costs amounted to Ps. 238 million, reflecting a 29% decrease, primarily due to lower cost recognition from the Cero5Cien residential project.
2. Expenses: Expenses recorded a 86% decrease compared to 4Q23, mainly due to the recognition of revenue from the sale of 38 units in the Cero5Cien residential project.

Foreign Exchange gains, net.

As of 4Q24, the net foreign exchange effect was negative Ps. 125 million, representing a 156% decrease compared to the Ps. 224 million gain recorded in 4Q23. This decline was primarily driven by the depreciation of the Mexican peso against the U.S. dollar.
